About Salesforce  
Idea About Sandboxes and production  
Discussion on Salesforce Releases and  
Certifications  
Salesforce App  
Objects  
Fields  
Data Types  
Formula Fields  
Dependent Picklist  
RelationShip  
Explanation of All kinds of Relationship in  
salesforce  
PageLayouts  
Validation Rules

## Sales Cloud

Escalation Rule  
Go through Salescloud and All standard  
Objects  
Go through Servicecloud and All standard  
Objects  
related to Service  
Visualforce Page  
Apex Class  
Apex Trigger  
Trigger Events  
Trigger.new & trigger.old  
Assignment along with training  
Small Project  
Full Project  
Certification Materials  
Class  
For loop If Else  
SOQL  
List  
Set  
Map  
Constructors  
Methods  
Property  
Variables  
Modifiers (Public , Private, Protected)  
Debug log  
Std controller  
Custom Controller  
StdSet Controller  
Reports & Dashboards  
Report Type  
Deployment

Lead  
Account  
Contact  
Opp  
Opp line item  
Product  
Price book  
Quotes  
Quotes Line Item  
Order  
Order line item  
Assets  
Contract  
Lead Conversion

## Service Cloud

Case  
Email to case  
Web to case  
Knowledge Article  
Live Agent  
Softphone  
Case management  
Communities  
Translation Workbench  
Data Category  
Assignment Rule  
Auto Response Rule  
Escalation Rule

## Advance Level Coding
